HON. O. HUBBS is, we learn, yet at his home in New Berne, N. C, visiting his family and friends.

Hon. W. P. Ward, of Swansboro, N. C., died at his residence, on Saturday, the 13th instant. Mr. Ward was a Senator from Jones and Carteret counties in 1876, and a member of the House from Onslow, in 1881. He was one of the first men of his county, very modest, and a man of ability.

When prohibition was submitted to the people we were not at the time old enough to vote, but were, as all our friends know, an anti-prohibitionist, and yet we were born, raised and hope to die in Democracy, like thousands of others in the state. Then where do they get it that prohibition was a Democratic measure? — *Wilson Siftings.*

The Democrats had three-fourths of both houses of the General Assembly, and they passed the bill; the Democratic party controlled the state executive and the Governor fought for the bill; the Democratic executive committee endorsed the bill, therefore if the prohibition bill was not a Democratic measure there has never been one submitted to the people of North Carolina

REPUBLICAN HARMONY.

We appeal to every true Republican in the state to see that the Repulican party is thoroughly organized, and that there is no quarrelling among Republicans. This is a time when all personal differences shou'd be laid aside, for the good of the people. We can redeem the state from the despoilers, railroad wreckers and thieves, if we will but unite all our energies in one common effort in that direction. There must be but one object to fight for, and that is for honest government, by the people and for the people. We must unite with any and all who will join us in that glorious cause. There are sufficient good and loyal people in this state to carry it, and to carry every congressional district in it, for candidates who are running, that will, if elected, act in the interest of the whole people, regardless of party.

We appeal to all good men everywhere in North Carolina to join in one grand, harmonious combination to redeem the state from the corrupt hands of Thomas J. Jarvis, who has given away all the railroads that belonged to the state, and who now belongs (according to Democratic evidence) to a railroad ring headed by a foreign company. If the good and patriotic citizens of the tar heel state will but come together and fight under one common flag, it will be victory for local self-government, a free ballot and a fair count; anti-monopoly, and all class legislation will be forever killed in this state.

We appeal to the prohibition Republicans to lay a side their notions concerning prohibition, and join in the fight to wrest the state from those who have stolen everything that it is possible to get away with. If the party will show a united front and stand perfectly harmonious, then it will be successful, from the fact that we will be able to make an alliance with the liberal parties who prefer honest government to the old corrupt Democratic hulk.

Let us have harmony and success in 1882. Every one that we have talked to in the state is in favor of a liberal harmonious alliance. With it they know we can succeed.

Washington News

The Senate select committee of woman sufferage on Saturday by a vote of 3 to 2 agreed to recommend to the Senate for adoption, Senator Lapham's joint resolution proposing the following amendment to the Constitution: "Article XVI., section 1. The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex. Section 2. The Congress shall have power by appropriate legislation to enforce the provisions of this article." Senators Lapham, Blair, and Jackson voted in the affirmative, and Senators George and Fair in the negative. Senators Anthony and Ferry were absent.

CLINTON, N. C., May 20th, 1882.

The Republican convention of Sampson county was held to-day

Clifton Ward presided, and Calton Sessoms, acted as secretary.

The following delegates were elected:

Congressional Delegates — Clifton Ward, J. L. Ballard, George Herring, John Bunting,.

State Delegates—Calton Sessoms, J. C. Williams, Jas. Strickland and Curtis Robinson.

Judicial Delegates—Wm. S. Jackson, Robertson Ward, Milton Holmes and P. W. Moore.

The following preamble and resolutions were unanimously adopted:

WHEREAS, We believe that the time is at hand when North Carolina shall be redeemed from bourbon Democratic rule, and her government placed in the hands of the people; and

WHEREAS It is the duty of all good citizens to assist in the consummation of so noble a purpose; therefore be it resolved,

1. That the action of the bourbons in the last legislature in denying the people their right to say who shall be county commissioners, magistrates, school committeemen, &c., is contrary to the spirit of the constitution of North Carolina, and a gross imposition on the people who by their industry and labor add largely toward her increase in prosperity.

2d That we hail with delight the advent of this day, and rejoice in the fact that the working people (aside from the autocrat and politician) both white and colored, acknowledge that they, as citizens are one in interest, civil and political.

3d. That we look with disdain on the pretensions of the leaders of the bourbon Democracy (to befriend the common people of our state) while they labor, to make laws to increase the wealth of the rich and the poverty of the poor.

4th. That we denounce the method employed by the bourbon Democrats, to defeat the will of the people at the polls, and pledge ourselves to use all lawful means to secure a full vote and count in this contest for congressman and state officers.

5th. That we enter our solemn protest against a repetition of acts committed by the bourbon poll holders and challengers in the congressional district which resulted in defeat of Hon. W. P. Canaday, our candidate for congress and our state ticket.

6th. That we heartily join with our sister county, Duplin, in suggesting the name of Hon. O. H. Dockery for congressman at large, and W. P. Canaday for congressman from this district, and instruct our delegates to the respective conventions to vote for them.

7th. That we heartily endorse the proposed alliance with liberal Democrats, who are in favor of a free ballot, a fair count, popular education and local self government.

8th. That the proceedings of this convention be sent to the Wilmington POST for publication, with the request that Republican and independent papers copy.

Col. Geo. L. Mabson, of Wilmington, being present, was loudly called for, and he made a very fine speech. We will send you his remarks next week.

NEW BERNE, N. C., May 17, 1882.

In accordance with the plan of organization, and pursuant to the call of committee, the Republicans of Craven county met in delegated convention at the court house on Wednesday, May 17th, 1882, for the purpose of electing delegates to the state congressional and judicial conventions

The county convention was called to order and properly constituted by the usual rules governing such bodies. The following named delegates were unanimously elected to represent this county in the nominating conventions named below:

State—Hon Orlando Hubbs, Geo H White, W E Clarke and B W Morris.

Congressional—Robert Hancock, jr., John L Manix, Virgil A Crawford and E R Dudley.

Judicial—Joseph Nelson, John B Willis, John S Manix and Willis D Pettifeher.

The follwing preamble and resolutions were then adopted:

WHEREAS, The Republicans of Craven county are again assembled in delegated convention for the performance of grave and important duties; and

WHEREAS, It is customary to express opinions and preferences as to men and measures; therefore be it

Resolved, That since our last county convention we, in common with the whole county, have been shocked and grieved at the death of James A. Garfield, a good man, a pure and upright citizen and an exemplary Chief Magistrate, whose untimely and violent death worked not only deep damnation to the miserable instrument, but plunged a nation in the direst woe.

Resolved, That, while we were grievously stricken by the result of the foul assassin's work. Yet through the providence of God, our martyred Chief left as his successor, Chester A. Arthur, who by his every act since his accession to the presidency has fully borne out his grand reputation acquired by years in which every public act allied him with the great party of freedom, justice and human rights, that in sorrows and grief there are circumstances that mitigate and soften, and our consolation is that when the sceptre of Republicanism and the helm of state left Garfield's right hand they were taken up by so good a man as he who now occupies the presidential chair.

Resolved, That the administration of Chester A. Arthur is entitled to, and received, our unqualified admiration, for its liberal conciliation of all the genuine elements in the Republican party; for its caution and wisdom in the selection of federal officers; for its prudent and dignified treatment of foreign affairs, and for its success, the true test of greatness, as evidenced in our national contentment and prosperity.

Resolved, That from assurances given and knowledge acquired, we believe that knowing as he does the injustice done the Republicans of the south by the peculiar mode of elections sanctioned by the Democratic party, and system of laws enacted by legislatures created, in too many instances by fraud, that he is disposed as the President of the country to extend such legitimate aid as will result in justice being done to the whole people of the southern states, and the fullest protection accorded them, regardless of color, in the preservation of and exercise of their rights.

Resolved, That in his acts thus far he has earned our most cordial approval, and we will endeavor to supplement every suggestion or act looking to the disintegration of the bourbon ring which, in North Carolina, as in every other southern state, now ride rough shod over the rights and opinions of a majority of the citizens, in robbing them of the right of local self-government, and we recommend that our state convention, when it shall assemble, extend a hearty and full welcome to all those of whatever former political association who are willing to cooperate with us in the defeat of the present state government.

Resolved, That having known for many years the sterling character, superior capability, honesty and integrity displayed as the chief officer of our county, and because of this confidence born of faithful discharge of duty, our people believed, and so expressed at the ballot box, by a large majority, that Hon. Orlando Hubbs possessed the ability to perform any duty that might be assigned him by the suffrages of the people, not only of his district, but of his state, elected him as their representative to the national congress, and the indefatigable manner in which he has discharged his important trust has more than realized our highest expectations; that while for the short time he has been in congress, he has obtained for our district more patronage—more dollars and cents—than all his predecessors since the war; that in view of this fact, if there be nothing else to recommend him, this should be a sufficiently strong reason why he should be his own successor. Our misfortune hitherto has been that when a representative had attained, even from the limited experience of one term, a knowledge and influence that would be of value and enhance his usefulness for his people, he has been deposed. To no man may this be applied with more force than Hon. Orlando Hubbs, and to succeed him now at this important juncture of securing to his district a liberal appropriation for public buildings &c., would be to work only harm for ourselves as a people, to the state at large and our party. That as the citizens of Craven county, composing a part of the second congressional district, we feel under great obligation to Mr. Hubbs, because of his introduction into the House of Representatives a bill which he has so far successfully engineered as to give us every reasonable assurance that New Berne will, at no distant day, be able to boast a public building perhaps second to none in the south, this is another strong evidence of Mr. Hubb's interest in his section, and should be an incentive to urge us to use our utmost endeavors to again return this good and faithful servant to congress.

Resolved, That it is the sense of this convention that the delegates elected to the congressional district convention to assemble at Wilson, N. C, on the 19th day of June next, be instructed to vote for Hon. Orlando Hubbs as a candidate for reelection to congress.

Resolved, That a copy of these proceedings and resolution be furnished to the Wilmington POST and Statesville *American* for publication, and the other Republican papers of the state be requested to copy.

ROBERT R LEHANN, Sec'y.

ENFIELD, N. C., May 18, 1882.

DEAR POST:—Spring term of Halifax inferior court being in session this week and the recent rains rendering chopping cotton out of the question just now, many of the farmers from the lower and upper districts laid aside the shovel and the hoe, to become acquainted with the political status of the country. Aspirants for the many positions to be voted for at the next election were promptly on hand, and made lasting impressions on "cornered" friends.—Lasting, I say, if not pleasant. Though "the woods are full" of aspirants they show no feeling of disruption. In fact unity so far as party success is concerned will, it seems, be paramount to any individual claim.

The Republican county convention, to select delegates to represent the county in the state, congressional and judicial conventions will be held at the court house June 3d, 1882. There are eleven townships in the county, most of which will hold their meetings on May 27th. We hope to send able delegations to the several conventions.

It seems that most of the valuable time of the present term of the Superior Court for this county was devoted to trying liquor dealers for selling liquors without licenses, during the prohibition established by the board of county commissioners, but strange to some, that the state should lose in each case.

Yours, STORAL.

OAK ISLAND, May 18, 1882.

EDITOR POST:—As there has been a great deal said in this county in regard to Messrs. Taylor and Wescott for the office of sheriff, it seems as if all the blame is attached to me. I will state for the benefit of the public that I, like all other men, have had a choice, and mine was Wescott, but as he has withdrawn from the contest, I will support Mr. Taylor, and I sincerely hope all of my friends will rally to his support.

ROOMS REP. DIST. COMMITTEE,
GOLDSBORO, N. C., May 12, '82.

At a meeting of the Republican committee of the second congressional district of North Carolina, held this day, it was ordered that a district convention be held at Wilson, N. C., in the county of Wilson, on the 19th day of July, A. D. 1882, at 12 o'clock m., for the purpose of nominating a candidate for Congress.

CITY ITEMS.

It snowed in Wadesboro, on Monday May 15th,——Whew.

Interments during the week.—Oakdale 1; Bellevue 2; Catholic Cemetery 0; Pine Forest 4.

The following marriage license was issued the past week, by the proper officer:—Gaston Solomon and Miss Ann Toomer.

A little child of John W. and Josephine Galloway, was badly burned Friday evening about 7 o'clock. It's injuries though severe, it is hoped will not prove fatal.

The poor Columbus crazy man, now an inmate of our county poor house, although not desperate, still seems to have occasional funny freaks. Captain Savage informs us that he tried to make his escape last week, but when discovered in the act he simmered to the docility of Mary's little lamb.

The following officers of the Ladies' Memorial Association were elected for the ensuing year:

President—Miss Hettie James.

Vice-President—Mrs. A. L. DeRosset.

Treasurer—Mrs. Dr. Anderson.

Secretary—Miss Kate Barr.

DEATHS DURING THE WEEK.—T W H Lemmerman, aged 5 months, cholera infantum; Amanda Copeland, aged 27, phthisic; Hannah Brown, aged 91, old age; Thomas Nichols, age 80, old age; Maria Wilson, aged 19; Annie Jenkins, aged 22, typhoid pneumonia; Etta Jenkins, aged 8 weeks, dysentery.

STEAM FERRY FOR OLD BRUNSWICK AT LAST.—Mr. Martin H. Rouse, engineer of the steamer D. Murchison, has entered into bonds with the stockholders of the Brunswick Ferry Company to put on, and keep up, a steam ferry. We are rejoiced at it, and take this occasion to say that we hope it may prove alike beneficial to the people generally, and to the undertaker of the enterprise.

It will surely repay you for the trouble if you have never seen it, to visit the Wilmington dry dock when it is in the operation of either receiving or delivering a vessel. And again there are other matters of interest in the vicinity. Messrs Blossom & Evans have a mill for the manufacture of land plaster, and with this mill they have sunk an artesian well about 50 feet deep which produces a peculiar mineral water, apparently iron. Though we are not much of a geologist, we assert that there are fine beds of phosphate rock all about those surrounding which will be developed ere long—at least it seems so from what we can see on the surface.

DEEDS, MORTGAGES, &C—The following deeds, mortgages, &c., were probated during the past week by the Probate Judge: S H Manning to Julia O Harriss; G W Wiggs to R H Moore; E E Burruss and others to Julia O Harriss; W S Pridgen to T A Smith; 1st Nat Bank to Julia O Harriss; M J Berbeaux to E S Dosher; W B McKoy, administrator, to Zelloh Fowler; J F Gibbs and wife, to M E Hollingsworth; W H Hall to Delia Bryson; D G Gilbert and wife, to J D H Kender; C G Katch and others to E M Moise; J D H Klander to Silva Palmery; First National Bank to C E Smith.

Mortgages—Fred Hansley to A C Wessell; Jocob Stokes to A C Wessell; Ed Bryson and wife to W H Hall; Thomas Polden to A D Wessell; Fred Jones to A D Wessell; Ben Loftin to A D Wessell; A H St. George to A D Wessell; F J Wise to U Canaday; Russell W Linimore to Hall and Pearsall; Owen Walker to Peter Mohr; W W Brown to D L Gore; C E Smith to First Notional Bank; T S Hobbs and others to G W Williams.

We were pleased yesterday to hail with a "good morning," our clever friend Mr. Wm. Genaust, who has been confined to his bed the past week, with a severe attack of rheumatism.

STATE JOURNAL, OF RALEIGH.—The anti-prohibition organ, edited by John Spellman, Esqr., come to us this week, brim full of interesting and able editorials. Every man opposed to class legislation should have it.

The black fish excursion Thursday, on the Passport seemed to have been at least an enjoyable affair, if not a complete success as a fish-catch. However nearly all the fishermen we saw had a good string, and some had plenty for their friends.

The erection of the livery and sale stables on the corner of Fourth and Mulbury streets, by Messrs. Merritt & Hollingsworth, is quite an improvement in that locality, and makes business have a brighter aspect in that portion of the city.

Chas. Reed, colored, escaped from the City Hospital Thursday night. Reed was arrested a few days back, on on a charge of larceny, and in attempting to escape, he was shot at and wounded in the leg. Hence he was placed in the hospital for surgical treatment. Wasn't that a case of leg-bail?

Now is the season for renovating, painting &c., and our people seem to think so. Our painters are kept pretty busy, as a stroll around the city will convince you. We are glad they have plenty to do, and trust that they get fairly paid for it. Think of salt pork at 13 cents, and other provisions enormously high.

The following are the Board of Medical Examiners for the ensuing year:

Dr. P. E. Hines, President, Materia Medica and Therepeutics.

Dr. H. T. Bahnson, Secretary, Obstetrics and Diseases of Women.

Dr. John Graham, Practice of Medicine.

Dr. R. H. Lewis, Chemistry and Pharmacy.

Dr. Thomas F. Wood, Surgery.

Dr. G. L. Kirby, Physiology.

Dr. T. D. Haigh, Anatomy.

Quite a serious difficulty occurred several days ago, at J. Wilson's store in Shallotte township, in Brunswick county, between Mr. Put Thomas and Mr. Mike Benton, in which Mr. Benton was severely cut in several places. We are sorry to hear of this matter, as we know the parties to be clever young men of good families, and that only excitement and too much young blood could cause such a difficulty.

Tom Melvin, a colored prisoner, escaped from jail in Smithville, last Tuesday night, and has not been heard from since. Melvin was arrested and confined on a charge of larceny and as being implicated in the same of which Jery Robinson, was convicted and sentenced to two years in the penitentiary, last term of Brunswick court. Much interest was manifested in the case of Robinson, by some of our most prominent men. They going to much expense and inconvinence to defend and relieve him.

DR. FAIRFAX IRWIN received yesterday his commission as Post Assistant Surgeon in the U. S. Marine Hospital service. Dr. Irwin is very young and has been in this service for only three years, yet he has made a very high reputation in his profession. He was placed in charge of the Wilmington Marine Hospital about 12 months ago, and has made it one of the very finest in the country, and his promotion will give very great satisfaction to his many friends in this city, as well as those in other places. We tender him our congratulations and best wishes for his future prosperity and happiness.

About $60 worth of fine fowls were stolen from Mr. Willie Howey on Tuesday night Early the next morning Mr. Howey took the precaution to notify the hucksters and dealers of the matter and to put them on a lookout while he and friends insituted a search around for the missing fowls. However they found them not, but two days thereafter, as he was mournfully strolling about the premises where he wanted to look after and care for his lost pets, he heard a familiar cackle, and turning to the direction of the sound, he saw his pet game rooster on top of the fence in the act of flying into the yard, and immedeately after came all the rest of his lost fowls, one by one in single file, as if stretched out as a line of pickets, all coming back home to roost. They had evidenly been stolen by some thief living not a long way off, and he became balked in these sale by Mr. H's precautions, and turned them loose, when they filed off in soldierlystyle to hunt for home again.

LOCAL SHORTS.

Georgia defeated North Carolina in the chicken dispute.

Frost in Wimington, May 17th, 1882! Who would have thought it?

We were pleased to see old sheriff Galloway in the city last Wednesday.

The Kinston canning factory employs one hundred hands daily, just to shell out garden peas.

The Primitive Baptist Church, on Castle, between Fifth and Sixth streets, is undergoing repairs.

Judge A. S. Seymour will deliver the Memorial address over the federal graves at Raleigh on the 30th.

Glad we are to notice much more activity in the canvassers for the Point Caswell railroad. That is right.

Cap. Thos. Garrison has opened a lunch and entertainment house, in the old Ocean House, at Smithville.

A policeman's club was found Thursday night, by a colored man, near the the corner of 4th and Castle streets.

In the the future the fire alarm bell will only strike the fire districts—the rapid ringing will be discontinued!!

The railroads seem to be making war on Messrs. Adrian & Vollers's drays. Another one smashed up this week.

Messrs. Crapon & Picket will open their new grocery and jobbing house on front street, Monday morning May 22nd '82.

The bald head pilot boat, Gracie is now on the marine railway, cleaning and having an addition of six inches put on her keel.

Mr. Giffin Flowers, of Smithville, aged about 20 years, was drowned below the city last Monday. He was employed as a hand on one of the mud scows.

Blankets and black jack fires were anything else but uncomfortable Monday and Tuesday last, and we hear of frosts and cold rains along the C. C. R. R. during the week.

The pay of the city policemen has been increased again to that wonderful amount of ten cents per day. We are even glad of that; but the Board, in our opinion, would not have erred had they increased it three times ten.

Rising Sun Lodge No. 114, I. O. O. I, will give an entertainment at the City Hall, Monday May 22nd—address will be delivered. Refreshments served, and a one thousand dollor death benefit will be paid to the beneficiary of the late W. S. McFarland.

Penitential souls will have ample opportunity during this week to bask in the sunlight of a blessed redemption. Camp meeting began Thursday last at Piney Bluff, up the river, and another will begin on next Friday down the river, at or near Gander Hall.

Captain D. Sherman of the steamer John Dawson is fixing up a couple of flats in a neat and comfortable style, to be ready for the camp meeting next week. He expects, with the steamer and flats together, to be prepared to carry from 500 to 600 souls at a trip.

As the the Passport was making her arrival with the excursionists Friday evening, a dog fight occurred on the peir head, amongst the dense throng, and in the "scateration" consequeint two or three persons went "heels over head," much to the merriment of the more fortunate.

Cap. Bisbee and party arrived safely in Boston Friday. It is expected they will leave Boston about Saturday or Monday, and arrive here about next Friday with the anxiously looked for Minniehaha, which Capt. Joshph will put on the line between here and Smithville immediately after arrival.

We know, of course, that there can be no such thing as a hen to lay a golden egg, except in the way of fabled illustration; but we have the best authority for saying that an employe of this office the other day found a two dollar and a half gold piece in his hen's nest. How it got there is a mystery which will possibly never be unraveled.

The steam tug "Italian," Capt. J. F. Harper, towed a German bark from this port to Charleston, S. C. last Wednesday, crossing our bar at 2 o'clock a. m., and arrived at Charleston dock a little before sun set on the same day. A quick run indeed. On the trip a sunken three masted schooner was discovered about five miles South of Cape Romain in about six fathoms of water. They were unable to make out any thing further, except that she was of the above rig. The Italian arrived back into this port at 10 o'clock Thursday night, having had good weather and a nice trip altogether both ways

Capt. Paul Boyton, realized between 50 and 60 dollars, by voluntary contribution of the citizens, on the account of his public exhibition in front of the city.

Important to Subscribers

We will not carry dead heads on our list. Send in your subscription or your paper will fail to reach you.

Every county in the state should be represented in the Republican state convention. The Republican party is the people's party, not to be controlled by rings and cliques, as it was from 1868 to 1876. It was so in those days that a few revenue officers, deputy marshals and office seekers would get together and make nominations, but that is all to be stopped now. And we hope to see the people themselves at Raleigh for the purpose of making nominations that will be elected, not for the purpose of giving them prominence at Washington for official patronage.

SECOND DISTRICT CONGRESSIONAL COMMITTEE.

The Republican committee of the second congressional district met at Goldsboro on Friday last, and after a full and free consultation they ordered a congressional convention to be held on the 19th day of July, 1882, at Wilson, N. C. We wish our friends a very happy, harmonious and successful convention, and that the nominee will be elected by a large majority. The Republicans of the second district should be very careful and so act that a good, reliable man is sent to congress, one that will represent the political sentiments of his people, and at the same time work in their interest, such a man they have now, and such a man they should send.

DR. J. J. MOTT'S CARD.

We publish in another column a card from Dr. Mott chairman of the state Republican committee. The card was drawn out by a false report started by the enemies of the liberal alliance, to the effect that Dr. Mott had made certain pledges, that in case Cooper was confirmed he would do all he could to prevent an alliance between the Republicans and liberal anti-bourbons. Dr. Mott says he is fully in sympathy with the liberal movement, and shall do all in his power to make the alliance a grand success.

The men who are trying to prevent the liberals and the Republicans from forming a combination are the men who started this *lie*, and they have told it from one end of the state to the other; and it is remarkable that these same fellows are the men who have been saying all along that the Republican party was dead.

The bourbon Democratic papers jump at and publish any lie that they can get hold of to show that the Republicans will not make an alliance with the liberal Democrats. The men in the Republican party who are fighting the alliance are being lionized by the bourbon Democratic press of the state.—"Birds of a feather will flock together." To see the Democratic press praising these Republicans for opposing the alliance speaks volumes, and every true man who belongs to the party can understand it. We have no doubt but what the men who are opposing the alliance are in the pay of the Democrats.

REPUBLICAN PARTY.

We have been unable to find a single Republican in North Carolina who advocates the disbandment of the party. All are perfectly united on the policy of keeping the party perfectly organized, and getting all the recruits possible. There is a very large majority of the Republican party who believe it good policy to form an alliance with the independents and support one general ticket. They believe by such a course we shall gain a grand victory for the people of North Carolina in November next. But the few who are opposing such a move are trying to make it appear that those favoring the alliance are working to disband the party. No one knows this to be untrue better than the leaders of the straightouts, as they are pleased to call themselves.

These fellows are headed by some of the same parties who would not let a Republican ticket be run in the state in 1878, saying at the meeting of the state committee "that the Republican party was dead in the state." We, with a few others, made a fight for the Republican cause. Our Mr. Canaday being a member of the state committee had his protest entered on the minutes of the state committee's proceedings. We commenced at once, and made it so very warm for those parties who were anxious to disband, that they discontinued their advocacy of the movement. These same leaders that we refer to above, who are so anxious for a straight ticket, thought the party so weak that they refused to attend the state convention in 1880, and positively refused to support the state and national candidates. But our friends went in and had the state reorganized that the party put in good fighting order, and if we had got a free vote and an honest count, the state would have gone Republican by 6,000 majority.

Those same parties who were so anxious to disband the Republican party in 1878, used their influence in 1880 to prevent our representative on the national committee from getting funds to pay the expenses of the campaign—they told the members of the National Republican Committee that the state would go Democratic by 40,000 majority. Notwithstanding all this our committee went forward and come within 5,000 votes of carrying the state, according the official (fradulent) count.

There is a very small number of would be leaders in the Republican party who desire to have influence at Washington, that believe, by the state being carried by the Republicans they will lose their prestige and be cut short of the official patronge that they have been able to manage; therefore they have been, and are to day, opposed to the state going Republican, or anti-bourbon, and they see that the alliance between liberals and the Republicans is bound to bring victory for the combination.

It is reported that the leaders of the bourbon Democracy, have raised a large lot of money to fee certain Republicans to work against the alliance. Let this be as it may, these parties are certainly working in the interest of the bourbon Democracy, and the sooner the people awake to their interest the greater will be the chances of our success.

In Virginia the Republicans formed an alliance with the readjusters, and the administration supported the movement, and the result was a grand victory for the people. In North Carolina the people have an independent movement; it took shape in opposing class legislation, and formed a committee known as the anti-prohibitionists. The Republican committee supported the movement and we carried the state by 116,000 majority. Now this anti prohibition committee is still thoroughly organized and intend to put out a ticket. Should the Republican state convention conclude to work in harmony with them in the general movement of defeating the bourbon Democracy, it will not be for the purpose of turning the Republican party into a a whiskey party. Our party has at all times fought class legislation, but has ever since it first organized been in favor of temperance. The Republican party of North Carolina is to-day, a temperance party, but does not, and never will, advocate class legislation, &c.

The forming an alliance with the anti-prohibition party for the good of the whole people of the state, will no more make the Republican party of the state the whiskey party, than did the alliance in Virginia, with the readjusters, make the Republican party of that state the repudiation party.

We take it that the crowd who are fighting the independent combination will continue to do so to the last. No argument can or will bring them into line; it is not success for Republicans they want.

We had the pleasure, on a recent trip to Goldsboro and Raleigh, of meeting Hon. Frank. D. Dancy, chairman of the second district committee, who informed us that the condition of the party was very excellent, and he thought everything would be harmonious in the convention. We also met Col. George T. Wassom, who appeared to be in splendid spirits; he is making his paper, the Goldsboro *Star*, a grand success.

At Raleigh we met Dr. J. J. Mott, chairman of the state Republican committee, who says that the outlook was never beetter for a grand victory for the independent anti-bourbons of our state. He thinks the independents and Republicans, by forming an alliance and supporting one general ticket, can carry the state by a very large majority. He says there are a few Republicans who are working to prevent such a combination, and in his opinion they want to keep the Democrats in power in the state, with the hope of controlling the federal patronage for their own benefit. Whe hope this is not the case; that every true Republican will go in and try to carry the state against the bourbons.

The Cape Fear River Improvement Appropriation.

The lower house of congress has passed an appropriation of $140,000 for our river and harbor improvements. We hope the money will be well expended, and that the water in the river as well as on the bar will be deepened thereby. We think it would be economy to appropriate money enough to employ a sufficient number of dredges to clean out the channel, and be done with it. By all means the work should be completed and not allowed to hang on for ages. This work has been going on for thirteen years, when it should have been completed in three years. We want to see it finished during the present century, if possible. And congress would display wisdom by making a large appropriation, so that it could be done within the next twelve or eighteen months.

INDEPENDENT—THE MISSISSIPPI CHALMERS.

General Chalmers, who has been one of the dulldozers of the Mississippi Democracy, was counted into Congress by means of the shot gun and bowie-knife; he was turned out of congress and Lynch, the rightfully elected member seated. Now the General has gone home and opened a war on his own party, by declaring for the administration, and has come out for congress. Such is life.

THE TIMES.

The Raleigh *Times* of this week is again before us, and full of very excellent and interesting political matter. We learn that Messrs. Thomas R. Purnell, John C. Gorman, John Nichols, and Wesley Whitaker are contributors for this paper. We congratulate the *Times* on having such able and painstaking writers. The paper is bound to be a very valuable political organ, from all appearances, for the Republicans during the next six months.

GEN. ROBT. B. ELLIOTT.

The *Republican* of New Orleans, says:

On Thursday the 11th, in the United States Circuit Court, Judge Billings presiding, on motion of Col. Leonard, U. S. District Attorney, Gen. R. B. Elliott was admitted to practice. His admission into that honorable body of learned practitioners is the first instance of the kind within our knowledge of a recognized Negro entering that select circle of the expounders of our National Law. If experience and talents are desirable requisites to the lawyer, then success certainly awaits Gen. Elliott.

Although the state Supreme Court will not be in session to-day, yet in accordance with previous arrangement made by a distinguished attorney with the members of that body, the General will meet them to day in chambers and be admitted to practice in the state Courts.

A Card.

EDITOR OF THE TIMES:—In the Gresboro *North State*, of the 11th inst. I notice the following paragraph:

"We have the word of Mr. Gorham, editor of the *National Republican*, that Dr. Mott and the anti-prohibition Republicans will not ask to intrude the temperance question on our state convention. Mr. Gorham has interested himself in our political welfare, and has given the situation his close study and attention. We feel sure in saying that Dr. Mott and his friends will oppose in our state convention any proposed coalition with the anti-prohibitionists. As we understand it they are pledged to that course."

I did say to Mr. Gorham that I, speaking for myself, was willing to do and say just as little as possible offensive to the gentlemen composing the prohibition wing of the Republican party in our state convention. And this I have since reiterated, believing it sufficient to go just far enough to rebuke the bourbon Democracy for its attempt upon the liberties of the people and to denounce the means they used to accomplish their purposes through class legislation, and do as little violence as possible to the feelings of those good Republicans who joined them in 1881, under, I then and now believe, a delusion, as to the real objects of the Democracy.

I never said to any one and cannot see how the *North State* could possibly so understand that "I and my friends would oppose in our state Convention any proposed coalition with the anti-prohibitionists."—"as we understand it they are pledged to that course."

To whom am I and my friends pledged? I ask the *North State* to answer.

I deny that any such pledges have been made. The statement is false and maliciously so. No truthful person told you so, Mr. *North State*, and none can be found who will so say.

I never pledged anything about it, and only expressed a willingness not to push, offensively, the prohibition question beyond such limits as would leave our position undoubted by the voters of North Carolina.

I write this card not expecting or caring to impress the *Noreh State* with the sincerity of my purpose or with the truthfulness of my assertion, as it seems determined to misrepresent me in all matters; but that those who agreed with that paper and differed with me on the subject may know the truth of what I did say and just how I now feel about this matter.

No one will go further than myself to secure harmony in the party and gain that success awaiting us in the coming campaign; but I must be pardoned for resenting such unjust imputations as the above paragraph contains.

In conclusion, I am for a coalition with the anti prohibitionists, who meet here on the 7th of June, and I want to see no man a delegate to the Republican convention who is opposed to it; and I am for electing a legislature which will repeal all class legislation that has been enacted by any party that in any way deprives the people of the right to control their own affairs.

J. J. MOTT.

Hon. Alexander H. Stephens for Governor.

Representative Speer, of Georgia, furnishes for publication a copy of a letter intended to be laid before the Georgia independents. It is understood to be an authoritative though indirect announcement of Representative Stephen's position in regard to remaining in public life and his possible candidacy for the Georgia governorship. It is addressed to Hon. U. H. Felton, Atlanta, Ga., and says: "I hope the committee of Independent Democrats who meet to-morrow will recommend Mr. Stephens as the people's candidate for Governor. I know positively he will not reject such recommendations, and that, if elected, he will be the Govenor of all the people, without regard to party. He will be controlled by no ring."

Since the war ended the negroes of the South have earned property amounting in value, according to the assessors' returns, of fifty millions dollars.

FAYETTEVILLE, May 15th, 1882.

TO THE POST:—Ridiculing the liberal movement seems to be the favorite tactics of Bourbon papers for the last few week. Slang epithets are hurled at the leaders, and the masses are told by these same journals that it will all end in a fizzle, that it has no strength, that the regular Democratic organization will sweep the state like a whirlwind. Change your tactics, your buncombe gas will not frighten those Democrats who have come to the conclusion to join in a liberal movement; they have come to this conclusion after mature deliberation and cannot be shaken by such silly editorials as are now issued to the public each week. The Democrats who are now making their departure are not sore heads—they are of the bone and sinew of the land and certainly have the right to express their own political opinions. Is not this a free contry? Have not freemen the right to make a manly and open declaration of their views, and submit them to the people in the coming contest?—From the tone of the editorals emanating from the Bourbon papers, it seems that they have not, but must continue to blindly follow the mandates of the present Democratic organization. In several campaigns the colored men were told by the Democrats that they were free to vote as they pleased, and were asked to desert their leaders and vote with the Democrats—time after time efforts were made by the Democratic party to induce the colored men to vote with them. A prominint Democrat in this state a few day since said that the liberals should be called "the middle Democratic Republican negro loving party." What has this man done in his political life? he has not only voted for several colored men as a bid for their votes, but it was mainly due to his influence that a colored man received an important position by Democratic votes. The thing however did not work; the taffy was sweet, but was no go. One of the most important conventions that ever assembled in this state, will be held in the city of Raleigh on the 7th of June. Let there be a full attendance of the people, and we can assure the people that a platform will be adopted that will be liberal and broad enough for any fair minded man to stand on. Voters of the Democratic party, who are tired of the party lash, and desire a more competent and liberal government should come out boldly and assert their rights, keep fresh in your minds that no man has aright to condemn you for doing the same thing that he has done, we only ask for a fair and just canvass and election, and that we will have. Every voting precinct will be looked after and we will see that ample provisions are made to enable every man to vote, then up and at them and never tire of your work until the sun goes down on day of our next election. Great political parties when in power, some times think that the state, the people and the officers belong to them, let the liberals in the coming contest teach these gentlemen that the power to rule this country is in the hands of the masses. Let the Bourbon papers go on with their abuse, it will do us no harm but will only add recruits to the grand army of free men who are determined to make every exertion to succeed in the November elections. A few words to the voters who have concluded to join in the liberal movement; don't be shaken by the honied words or the abuse heaped on you, like the braying of an ass, it is loud but harmless, go on with your good work and say to them: I acknowledge no earthly master. Remember that the same men they are abusing now were a few months ago all right in their councils, that as long as they obeyed the party mandates they were popular, now they are 'soreheads,' according to their rating. They abuse Col. Johnston, but were always ready to call on him to help the wagon out of the mire. Price is also denounced although only a short while ago he was elected speaker by a strong Democratic legislature, but gentlemen, remember one thing, the voters are alive to their interests, they are not an army of soreheads, and in thundering tones they will make the welkin ring in November. Never mind any pressure brought to bear on you, only dare to do the right and a glorious future awaits the liberals. Organize at every cross road see that every township has a working committee, and let nothing go by default.

Men of the Cape Fear district, remember that you have privileges on your river that you never enjoyed before, and don't forget how you have been treated in congress, and in the legislature. You have nothing to loose by a change, much is expected of this district; let us resolve to out do all other districts in gains on next election, put new men in office. Let the liberals make a bold aggressive fight, and the Democratic organization will be broken and shattered, a party when in the position that the Democratic party held and ignored such men as Stedman, Fowle and Carr cannot succeed, fight them fair but give them such a defeat that will at once silence and lay upon the shelf the present rulers.

N. E. SIDE OF WHITE OAK RIVER,
Carteret Co., N. C., May 15, 1882.

EDITOR POST:—I have been a reader of your paper for some few years, and I write to thank you for your manly articles in favor of the laboring white men and farmers of this state. You are making a noble fight for independent thought and action, and the full emancipation of all the people from bourbon slavery.

I was a confederate soldier. I served throughout the war; was wounded three times, the last time I was entirely disabled for all manner of labor. I surrendered at Greensboro, at the end of the war, and made my way on foot to Kenansville, N. C., where an old aunt sent me within three miles of Jacksonville, N. C., the horse was so near given out that I sent him back and went to the house of one of the leading bourbons of the county, and requested him to send me home. He saw my condition; that I had my arm in a sling and was hardly able to walk, and he had running around some three or four horses and mules at the time. Yet he said he was so busy he could not send me, and I had to walk seven miles below Jacksonville, where a friend, an old Union man, who made arrangements to send me home.

I was very poor. After I reached home my brother in-law managed to get me a small stock of goods, but I hardly made a living. Finally the Board of Commissioners passed a resolution to exempt from poll tax the disabled soldiers; I appeared before them, all of whom were Democrats, and they refused to allow me the benefit of their order. Finally I moved to Jones county, and the commissioners, who were Republicans exempted me from paying a poll tax without my saying one word to them. I sometime afterwards moved back to Onslow county and the Democratic Board made me pay my poll tax again.

I am now living in Carteret. Some weeks ago I made application to the commissioners of Jones to be allowed to sell goods without paying a peddler's license, and they granted my request; I made the same application to be allowed the same privilege in Onslow county, and the board refused. So you will see that the commissioners of Onslow county are not at all generous toward those confederate soldiers who lost their all by the war, and were shot to pieces so badly that they cannot make a living at manual labor.

I hope you will continue your criticisms on those bourbons who have no use for the poor white man, including the confederate soldiers, but to vote for them to hold office. I, for one, intend to be a free man, and vote for the man in future, and not according to the dictates of some old bourbon officeholder.

I was always a Democrat, but seeing that the Democratic party was only the party of the aristocratic bourbons, who care nothing for we farmers except on election day. I shall in future vote for the candidates of the poor man, and my advice to all confederate soldiers, and poor laboring men, is to weigh this matter well, and I believe they will join me in my conclusions.

Very respectfully yours,
DISABLED SOLDIER,
Of the late Confederate war.

COUNTY INSTITUTES.

SMITHVILLE, May 17th, 1882.

The proudest and most popular monument erected in North Carolina, and the most essential basis upon which rests the future greatness, and prosperity of her people as a whole, is that of popular education, wherever the torch of knowledge has been permitted to shed its rayes, whether in the towns, cities or rural districts a better amelioration in the condition of the people, morally as well as intellectually, is at once apparent; and it is in these essentials that we want to see the people interested, and while the people are always ready to lend a helping hand for the enlightenment of their children, in whose keeping they must transmit the success and prosperity of their years of toil, the climax in our educational point of view cannot be reached until the teachers become properly interested themselves in the education of the masses. For years the teachers of North Carolina, however, have been grooping in what seemed to them, darkness and gloom; but they struggled on until at last they are enabled to see their way a little clearer before them, while they have been greatly cheered by those who have grown wise in the experience of a better state of affairs than that which has surrounded them for the last seventeen years. The legislation of our state has done something while the "state boards of education" has been an auxiliary for the diffusion of knowledge among the people by the public school system; but neither has acted as high minded and independent in trying to inaugurate a better system of public instruction in North Carolina, which at present is very far short of perfection. I am glad to see, however, so many coming to the surface with their brain and money to help forward and advance the cause of this popular demand. No; our school system is not what it should and ought to be; but it has some admirable features in its make up. The law which authorizes the holding of teachers institutes in the several counties, is one of the best features of the new additions made to the old decaying structure. If you can get the teachers properly instructed in the arts of teaching, you may boast of a posterity worthy to take our places as we shift off this mortal coil; but if on the other hand, no manifestation of interest is to be found among them, the coming generation will be no better for the expenditure; and I therefore commend to the teachers of the state the "county institutes for teachers" as worthy of their attention, and which will be upheld and supported by those teachers who are interested, and would like to see a better system, conducted by teachers of culture and of some practical ideas of art. I am afraid that we will not have the pleasure of having an "Institute" held in this county this year, although I hope my fears are not well found, because it would be a great benefit to the teachers of Brunswick county if one could be held under the supervision of our very efficient and liberally cultured Superintendent, Geo. Leonard Esq., fresh from the schoolroom himself as a teacher, he would know just where and when to "tap," and the rough would literally fly.—But I have been informed that he has tendered his resignation to the County Board of Education, which if true will give the schools of this county a blow from which they will not recover soon. He has made a good officer, and has given us some valuable instruction as teachers, and encouraged the pupils in a two fold proportion, and we would regreat very much to loose him. Being a teacher of experiance, Mr. Leonard is better prepared to serve us as the Chief officer of the schools, than probably any other gentleman in the county. We have a good board of education and is doing a good a work. More anon.

The News and Observer says: "Prof. Kerr is getting up, under state auspices, a most excellent and desirable map of the state. By availing himself of the numerous railroad surveys and the United states surveys of our coast and rivers, he has been enabled to correct countless errors in previous maps and to construct an essentially new map of the state. It is to be regretted that this new map could not have had laid down on it all the townships of the state. The maps of Northern states are as careful to lay down the townships as the counties. We understand however that Professor Kerr experienced such great difficults in getting from the commissioners of some of the counties township maps of their counties that he was reluctantly compelled to abandon that featgre of his really great work of making a minute and accurate map of the state.

PLAN OF ORGANIZATION.

Rules and Regulations for the Organization of the Republican Party of North Carolina:

We republish below the plan of organization adopted by the Republican State Convention in 1850, which will have to be carried out during the present campaign, and the Republicans of the state will do well to study it so as to be able to carry it out.

I. County Organization.—The election precinct shall be the unit of county organization. Each precinct shall have an executive committee consisting of three active Republicans. They shall be biennially chosen by the Republican voters of the precinct, and shall elect one of their number chairman. They shall convene together at such time and place as the majority of them may elect. They shall biennially elect a county executive committee, to consist of not less than five members, who shall elect a chairman from their number. Vacancies in precinct committees shall be filled by the voters of the precinct, and in county committees by a convention of the precinct committees duly called: *Provided*, that in case a vacancy occurs within thirty days prior to an election, such vacancy may be filled by the vote of the remaining members.

II Congressional, Judicial and Senatorial Districts.—There shall be a Congressional, Judicial and Senatorial District Committee, composed of not less than one member from each county, nor less than seven members, biennially elected by the several district conventions, each of whom shall elect a chairman from their number: *Provided*, that a senatorial district committee shall only be elected in districts embracing more than one county. Vacancies occurring within thirty days of an election may be filled by the vote of the committee.

III State Executive Committee.—There shall be a State Executive Committee, composed of one member from each Congressional District in the state, to be designated by the district delegations in State Convention assembled; two members at large, to be elected by the State Convention, and the chairman of the convention at which the elections held. They shall be biennially elected at the State Convention, shall choose one of their number chairman, and shall elect a secretary who is not a member, who shall reside at Raleigh.

IV. The chairman of the respective county, district and State Executive Committees shall call their conventions to order and act as temporary chairmen until a permanent organization is affected, with power only to appoint, and receive the report of, a committee on credentials.

V. No executive committee shall have power to elect or appoint delegates to any convention, whether county, district, State or National.

VI. No member of an executive committee or delegate or alternate duly chosen shall have power to delegate his trust or authority to another.

VII. Representation.—Representation in county conventions shall consist of three Republican voters as delegates, and three as alternates, from each precinct in the county, and no more.

VIII. Representation in Congressional, Judicial, Senatorial and State Conventions shall consist of two delegates and two alternates only, for every member of the lower House of the General Assembly and shall be apportioned in the several counties accordingly.

IX. Delegates and alternates to county conventions shall be elected only by a vote of the Republicans of each precinct in precinct meeting assembled; and delegates and alternates to district, State and National conventions shall be elected by a convention of delegates duly elected and sent by the people for that purpose after due notice and publication of not less than fifteen days, of the time, place and purpose of such convention, and not otherwise.

X. The certificate of the chairman and secretary of the meeting, setting forth regularity of the primary meeting or convention, and the election of the delegate and alternate thereat, shall be accepted, when uncontested, as a good and sufficient credential for such delegate and alternate.

XI. This plan of organization and procedure shall continue in force until changed or abrogated by a subsequent Republican State Convention.

Adopted in State Convention, July 8, 1880.

THE LEADING SCIENTISTS OF TO DAY agree that most diseases are caused by disordered Kidneys or Liver. If, therefore, the Kidneys and Liver are kept in perfect order, perfect health will be the result. This truth has only been known a short time and for years people suffered great agony without being able to find relief. The discovery of Warner's Safe Kidney and Liver Cure marks a new era in the treatment of these troubles. Made from a simple tropical leaf of rare value, it contains just the elements necessary to nourish and invigorate both of these great organs, and safely restore and keep them in order. It is a POSITIVE remedy for all the diseases that cause pains in the lower part of the body—for Torpid Liver—Headaches—Jaundice—Dizziness—Gravel—Fever—Ague—Malarial Fever, and all difficulties of the Kidneys, Liver and Urinary Organs.

It is an excellent and safe remedy for females during Pregnancy. It will control Menstruation and is invaluable for Leucorrhœa or Falling of the Womb.

As a Blood Purifier it is unequaled, for it cures the organs that make the blood.

This Remedy, which has done such wonders, is put up in the LARGEST SIZED BOTTLE of any medicine upon the market, and is sold by Druggists and all dealers at $1.25 per bottle. For Diabetes, enquire for WARNER'S SAFE DIABETES CURE. It is a POSITIVE REMEDY.

SUNDAY MORNING, MAY 21, 1882.

The same arrangements has been made over the Cape Fear & Yadkin Valley railroad.

Six cents per mile one way will be charged over the Western North Carolina, the Carolina Central, the Wilmington & Weldon, and the Raleigh & Gaston.

Southern Independentism

From all the Southern states, comes the news of the Democratic party, insurrection and disintegration. The leaders can no longer hold the masses together, by the aid of the party whip. The common people are slowly getting their eyes opened to the fact that since the war, they have allowed themselves to be frightend into voting for useless men, by having the negro held up before their eyes a monster, who if allowed to control matters, would ruin the country. But the army of Democratic voters unfortunately for their leaders, are begining to take the newspapers and read and think for themselves. They do not forget that during the war, when they were doing battle for the lost cause, these same negroes never committed one crime against their defenceless families left at home They hear the upper crust of society warning them of the horrors of negro rule, and at the same time filling every occupation with the colored race, to the exclusion of poor white men. They are "fellow citizens and gentlemen", during election time, "plebians" and "poor buckers" when their votes are not needed, and are not thought as much of as "old Pompy, who was born in the family." It is these facts being learned by the privates that is causing the mutiny in the Democratic party, the tail has wagged the dog long enough, the dog is now going to wag the tail.

Alexander H. Stephens and Speer, lead the movement in Georgia, the strongest Democratic state in the Union, and Mahone in Virginia. Arkansas, Tennessee, Missouri, South Carolina and North Carolina, are rapidly falling into line, and the fall elections that preceedes the next Presidential contest will astonish some of the astute slate makers and party manipulators in the South. The Colonels and Majors day is over in the South, business qualities and common sense are going to have a trial at managing matters, and the masses who form the independent party can if successful console themselves for any failure on the part of their representatives with the reflection that in no case can they do less, get less, or do their section more harm than the Democratic representatives in congress have for the last twenty years. The only real difference between the two dominent parties now is that one is in and the other is out, (but wants to get in very badly,) so badly that a Republican office immediately creates a complete change in the political sentiments of a Colonel or a Major, but if a poor white man sees fit to exercise his discretion in voting, and votes a Republican ticket, it is a high crime and misdemeanor, and he is at once condemned by the elite. Let the working white men of the South put their foot on this party rule, take no part in primary meetings—select their own candidates when strong enough and vote only for men who *represent* them and not be coerced or cajoled into voting for any man who is not a friend to them and their interests. There is no law compelling any man to vote, he ought to exercise the prerogative, but that matter rests entirely in his own discretion.

Our next congressman from this district ought to be a protectionist and a strong one. If he is not, our small farmers may have cause to regret it. Remember this you rice growers? You may have Chinese rice sold in your market at 2½ cts. per pound, cheaper than you can raise it, if Democratic counsels prevail in the next congress.

EX REB.

Carteret News.

BEAUFORT, May 18, 1882.

EDITOR POST:—The bark Rome, of Charleston, S. C., 814 tons, Captain J A. Patterson, from Cardiff, Wales, ladened with steel railway rails, for the Midland road, arrived at this port since my last letter—the Rome is a fine ship, and her captain is one of the solid style of sea captains. We have now three large barks in port: the Gu'dbringa, Noah and Rome.

The colored Sunday Schools of this place "excurted" on the 16th instant. We learn that they had a pleasant time and that everything passed off agreeably.

Our worthy Collector returned home in "good order," many thanks to you, Mr. Editor. We learn that the article which appeared in the last issue of the POST, which referred to him, was carefully cut out and destroyed before the paper was carried home. In the future you must be more careful, for the Colonel strongly talks of "pistols and coffee for two." Well, *it is* unfortunate to be *good looking*, and so *young looking* for one's age, as the colonel is. Well, we have said it, and should he wish the name of your correspondent, *we beg* you to settle it upon a larger man than we are.

It is rumored that the board of directors of the Atlantic and North Carolina railroad are trying to break the lease of said road to the Midland.—Since the lease this road has not been of any use to the Democratic party, and it is supposed that they wish to get control of it, so that they can run it in the interest of Jarvis and company. The Democrats of New Berne seem much exercised about it, and no doubt they will not leave anything undone to wrest the road from the "Midland Company."

The annual Pic-nic of St. Pauls Episcopal Sunday School took place at Jericho, on Lake Turner, one mile from Beaufort, on yesterday invitations were sent to the Methodist and Baptist Sunday Schools to join them, which was accepted, the Sunday school is under the able management of Dr. F. Borden Mace, as Superintendent, and Professor W. C. Manson, as Organist, Col. A. C. Davis, was chairmam of the invitation committee, and was the right man in the right place. The affair was a grand succes, about 400 persons were present, and the annual Pic-nic of St. Pauls Sunday school is a day that will be long remembered by all who participated. Dr. Mace is a gentleman of *taste*, and we congratulate him upon the taste displayed in getting up the badges for his school, and invited guests, they were just the thing for such an occasion, Dr. Mace is just *au fait* in such matters may all who participated live long, and have many happy returns of the day. The musical talent of our "city by the sea" was organized and combined into a club to be known as the "Beethoven musical club of Beaufort." On last Tuesday evening. The club will meet once a week, and will be quite an addition to the amusement of our town.

We are having unusual weather for the month of May, rather too cool for growing crops. More anon.

QUID-NUNC.

State Items.

The State Treasurer is now paying the semi-annual interest due on the mortgage bonds of the Western North Carolina railroad.

Fromn the present prospects it would seem that there will be a great deal of wheat harvested in Lenoir county before the close of May.

The losses by fire in this state last year are computed to be $839,000. This is a big sum of money; more than $2 per bale on our entire cotton crop.

The reports of the crops from all parts of the state continue favorable, and unless something happens in the future there will be an abundance of grain.

The Sunny Home says there is considerable complaint through this section and in Nash county, of the great destruction of hogs and chickens by cholera.

Major Basil C. Manly, Mayor of the city of Raleigh, died in that place on Monday morning last. He was born in Raleigh, May 9, 1839 and was the son of the late Gov. Manly.

The Kinston Free Press says: The Democrats of Beaufort held a meeting last week and recommended Hon. C. C. Clark for congressman at large, Hon. A. A. McKoy for Judge of the Third Judicial District, and Swift Galloway for Solicitor.

The following is a list of speakers for the next commencement of Chowan Female Institute: Address before the literary society, Mr. R. W. Winborne, of Hertford county: sermon before graduating class, Rev. J. B. Taylor, of Wilmington; annual address, Rev. J. A. Mundy, of Warrenton.

The Greensboro News says: Jos. C. King confessed that a clerk at a store at Hominy Creek helped him to rob the mail. The clerk had a key. He picked out all the registered packages and broke them open. There were eleven of them in all, and they contained $467.75. As soon as he opened the package I told him if he did not give me $400 I would tell on him at once. He gave me $400 and kept $67.75. He has been taken to Asheville for trial.

The Roanoke News says: We learn from good authority that the Wilmington & Weldon railroad will not receive the Scotland Neck branch road until it is put in thorough condition and the contract has been strictly complied with. The road is said to be a bad condition and will require much more work before it can be turned over to the W. & W. R. R. company, and the daily schedule need not be expected until it is in good order. In the meantime Capt. Barry, the contractor, will run a train from Halifax to Scotland Neck on each Thursday, leaving Halifax on arrival of the passenger trains going south.

Republican Convention.

There will be a convention of the Republican Party held at the court house, in the town of of Lumberton, on Saturday, June 3rd, 1882, at 12 o'clock, m., for the electin of delegates to the state convention, to be held in Raleigh on the 14th day of June, 1882; for the purpose of nominating a canidate for Congressman at large, Judge of Supreme Court and for the ratification of nominations made by the several Districts for Judge of Supreme Court. Address of the Anti-porhibition Party of North Carolina.

To the People of North Carolina:

This committee, being the only body representing the organization of last year, formed to defeat the class legislation embodied in the prohibition act, do hereby call a mass convention of the liberal, independents of the state without regard to former political affiliations, to be held in the city of Raleigh on the 7th of June, to present to the people of the state a platform of principles, and candidates for the state officer to be filled in the coming November election.

In the opinion of this committee such action is right and proper, that those who honestly stood for the right thing, shall have the opportunity to ratify their action, by the adoption of principles and election of men opposed to the party organization which forced this unjust legislation upon them.

The leadership and methods of this orginazation, the channel through which it speaks to the people, and the spirit of dictation and abuse with which it attempts to drive into its support those choosing to act for themself, demands the presentation of this movement. A majority of the press of the state which supported this odious legislation of last year continues to misrepresent us. Our manhood and self respect requires us to rebuke once more this insuiting minority, that it may learn to respect the people's rights and liberties.

In this movement principles are involved which should be cherished by every freeman, and it is our duty to see that they are protected against this intolerent spirit which strikes not only at the personal freedom of the citizen, but also at the principles of local self-government. The bitterness with which we were denounced last summer lives not alone on the tongues of defamers but has taken root deep down into their hearts.

Let us, then, rally again for our liberties and rights, assured by our past success of the hearty co-operation of more than one hundred thousand majority of our fellow citizens, in restoring to the people local self government, diffusing more generally education among the masses, purifying the ballot box and for ever settling the vexed question of restraining by law those voices which, in our judgement can best be corrected by moral suasion and religious organization.

WILLIAM JOHNSON, Chairman.
FRANCIS M. SORRELL, Secretary.

The Best Course

We would take more solid pleasure in recounting the fact that some ingenious colored man had been the author of a useful invention and had contributed something to the cause of science, than the fact that a dozen had been elevated by political promotion. In one case the people at large are benefitted, while in the other a more individual ambition has been satisfied, or we should rather say sharpened. Let our people work for something tangible—something that will stick to them and give them lasting fame.—*Raleigh Banner.*

PROF. MOORE'S VALUABLE REMEDIES.

ANNOUNCEMENT TO MY FRIENDS.

WHAT I HAVE DONE AND AM DOING

SEE CERTIFICATES BELOW.

PROF. WM. H. MOORE—Dear Sir,—This is to certify that I have been blind in both eyes for eighteen years, also subject to fits for the same length of time. I tried all the doctors around, and was never relieved of either of the complaints until Almighty God sent Prof. Wm. H. Moore to Tarboro. From the time he commenced working on me I commenced to get better, and now I have no fits at all, and can see as well as any one. I am well known in this county of Edgecombe.

—MRS. ELIZABETH JOHNSON.

Witnesses: F. D. Battle, Anthony Johnson Rev. W. H. Thurber, Hon. W. P. Mabson principal of colored free school.

Prof. W. H. Moore will soon take a trip through Pitt, Martin and Beaufort counties for the purpose of relieving the afflicted. All who desire to enjoy life should see or write him for his celebrated Medicine.

Address, PROF. W. H. MOORE, Tarboro, N. C.

PROF. W. H. MOORE:

Dear Sir—I am well pleased with your Ointment that I bought of you. It has cured my feet. I have been frost-bitten for 10 years. I have not had rest until I tried your Ointment. I can't tell the worth of this Ointment. I tried every thing. Nothing cured but this.

Yours, W. H. LOGGETT.

This is to certify the public generally, that the Liniment sold by Prof. W. H. Moore, under the name of O. K., is a good article, not only because the public has said so, but I have used it and it gave me permanent relief. I do cheerfully recommend it.

JULIUS F. JONES, Sheriff of Carteret Co.

December 16th, 1881.

I have used Dr. Wm. H. Moore's O. K. Liniment, and I have found it good in every respect, not only because it has relieved me, but I see what it has done for others, and is still doing. I heartily recommend it to all who are in possession of excruciating pains and aches.

WILMINGTON, N. C., Feb. [illegible], 1882.

PROF. W. H. MOORE—Dear Sir:—I think it a duty I owe to you and my fellow creatures who are suffering, to make known the wonderful effects your medicines have had on me, hoping all who are troubled with a humor in their blood will give it a trial. I am confident from practical experience that if persons will follow the directions and give it a fair trial, that it will cure any one if it has disease of this character. I suffered with scrofula for [illegible] years, the pain it gave me no mortal man knows. I was in agony all of the time. I used to think if I did not use every remedy [illegible] let any pass, that was the very one to cure me. But at last the angel appeared in your great medicine, and am most happy to state your remedies have done the work for me. It is the great blessing, and I am now as free from the disease as I was before I was taken with it.

PROF. WM. H. MOORE—Dear Sir:—This is what I have to say: I have been suffering with a very large wen on the back of my neck. I suffered, oh! how I suffered; the pain it gave me no mortal man can tell. For [illegible] years I was in this condition; I could not even get on my knees to pray; I had to sit up in my chair. [illegible] where I belonged, tried every [illegible] that was around, but none [illegible]. Afterwards they concluded it was incurable. Hearing of the new Dr. Wm. H. Moore, I thought I would try once more. I did so, and can get on my knees now as good as ever. It has gone entirely and I am now well as ever.
